## Why PTA?

PTAs are nationwide networks of parents, teachers, administrators, and community members who work together on behalf of all children and youth. Only associations belonging to the National PTA may call themselves PTAs. State and National PTAs provide accurate, current information about issues affecting children.

Everyone needs the right reasons to join an organization. Consider any one of the following reasons for joining a PTA unit near you.

**PTA IS THE LARGEST CHILD ADVOCACY GROUP IN THE NATION**, with 6 million members nationwide, whose sole purpose is the welfare of children. PTA is a strong advocate for public education and a relevant resource for parents.

**PTA CARES** about anything that influences and molds children's attitudes and behavior (school, home, community, family, peers) and helps create public awareness about children's issues with grassroots advocacy.

**PTA PROVIDES UNIFIED ACTION** to address major issues, a unified push to improve laws and policy, an opportunity to act as a forum for ideas, and a chance to meet with others and discuss mutual concerns.

**PTA IS ORGANIZED AND RUN BY PARENTS** at the local, state and national levels. PTA encourages the involvement of parents, teachers, and the community in the lives and education of children and youth and provides individuals with a way to share their experience and knowledge.

**PTA PROVIDES INFORMATION** through access to assistance and expertise on websites, in program resources, and through the state and national offices. PTA assists units in reaching out to all members of the community and provides resources written in Spanish.

**PTA PROVIDES TRAINING** and leadership development opportunities to its members through workshops, conferences, online training opportunities, and on-site workshops at your school by Iowa PTA board members.

**PTA COLLABORATES** with other local, state and national organizations to address issues pertaining to children and youth.

**NOT ALL ISSUES CAN BE ADDRESSED LOCALLY**. Most laws affecting the welfare of children are made at the state and national level, not by the local government. As a part of a State and National PTA, you can extend your influence beyond your neighborhood and help secure state and national action for the benefit of ALL children.

**PTA HAS TAX BENEFITS**. Iowa PTAs are exempt from federal income tax under Section 501(c)(3) of the IRS Code. PTA is a non-profit, non-partisan **volunteer** organization.

**PTA HAS A NAME** and has been a powerful force working solely for children since 1897. When you join PTA, you immediately become a member of the State and National organizations as well as your local unit. It is through this membership that you, your local unit, and ALL children will benefit.

**WITHOUT LOCAL, STATE AND NATIONAL PTAs** who would speak on behalf of children? Together, we speak for every child with one voice.

## BENEFITS OF PTA MEMBERSHIP

PTA is the largest nonprofit volunteer child advocacy organization in the country. **All officers and board members, whether national, state, or local unit, are unpaid volunteers.** In order to appreciate its value and to make PTA an even more influential force, members need to know how their dues are used, as well as the benefits that come from belonging to Iowa PTA and National PTA.

No matter how much a local unit PTA charges for membership in its PTA, every month each local unit must remit \$4.25 per new member (\$2.50 State & \$1.75 National dues) to the state PTA office.

## ON YOUR BEHALF, IOWA PTA (DUES \$2.50)
